

Digital control plate with 1 trunking with input and output for 3.5 mm jack ivory Simon 27 Play

REF. 05012-31

BASIC INFORMATION

DESCRIPTION

This Plate is designed for digital control of a trunking with input and output for 3.5 mm jack and is part of the Simon 27 Play series products. The plate includes headphone recording, external music source and timer, from a way that facilitates its operation and operation when making it highly user-friendly and interactive for the user. It measures 45 x 45 millimetres, and stands out for its simple installation, which allows two options, to carry it out directly in surface-mounted or recessed system. This product is presented in a classic colour white that promote its perfect integration in any room, regardless of its decorative style. But, however, the plate is available in three possible finishes to choose from. Only have to take into account is that it is advisable to choose a frame of the same colour as the selected plate, as well to keep the harmony appearance of the end product. The product is made of high quality thermoplastic that gives it chum resistance to high and very low temperatures, without losing anything. It can also withstand best possible knocks or scratches.
