

Double Totem XENON

REF. 0693090-000

BASIC INFORMATION

DESCRIPTION

Double Totem for Mounting Two Simon Xenon Chargers

The double totem is designed for the vertical installation of two charging points from the Simon Xenon series in indoor and outdoor environments. Compatible with all Simon Xenon models, it includes space for fixing the hose supports in equipment with integrated hoses.

Made of stainless steel and coated with polyester epoxy powder for greater durability in RAL9007 color, this totem is perfect to withstand outdoor conditions.

Its compact dimensions of 352 x 540 x 1413 mm make it suitable for all types of environments. It includes an installation plate and M8-D10 x 80 mm stainless steel metal anchors, providing a firm fixation to the ground.
