

Digital control plate with 1 trunking with FM tuner and 3.5 mm jack output white Simon 27 Play

REF. 05022-30

BASIC INFORMATION

DESCRIPTION

This model of plate for digital control board includes headphone engraving, scan function, reset tuning and source selection. The plate for digital commandment with 1 trunking with FM tuner and 3.5 mm jack output of the Simon 27 Play series is available in 3 different finishes, but it is always recommended to choose the frame of the same colour of the plate that we select. The plate for digital commandment with 1 trunking with FM tuner is an individual version, it also has an element, 2 modules and includes signaling function. The plate for digital commandment with 1 trunking has temperature ranges from 5 to 40°C reaching maximum temperatures of -25 to 50°C. It is suitable for installations in surface mounting or flush mounting. This model of plate for digital control board includes headphone engraving, scan function, reset tuning and source selection. This model of plate for digital control board does not apply regulation. The manufacturing material of the control plate is thermoplastic, with a white plastic finish. The dimensions of the cover are 45x45mm. For the correct maintenance of the cover, it is recommended to clean it with a soft and dry cloth that does not contain abrasive materials.
