

Double rocker for blinds mechanism without security latching cold aluminium Simon 82 Detail

REF. 82029-93

BASIC INFORMATION

DESCRIPTION

Double rocker for the shutter mechanism, which does not include latching of security and is made with a cold aluminium finish belonging to the Simon 82 Detail series. The combination of the different elements of the series, such as frames and hardware, results in different options that give character to a space and make a difference. Also, thanks to the innovation in the functions of the Simon 82 Detail series, you can access the access control, a range of access control with biometrics, keyboards and RFID readers to have a stand-alone and networked operation. Enjoy with six finishes available to choose the one that best suits the needs of each one of the corners of your home, from Simon it is recommended to use the same colour of the frame as the baseboard of the selected rocker. The Image and Audio solutions are integrated into the frames of the Detail 82 collection. A perfect solution to preserve the appearance of the new collection.
