

3-phase adjustable flush mount rail 1 m

REF. 89931130-039

BASIC INFORMATION

DESCRIPTION

One of the most demanded items of Simon private individuals and professionals in the sector of electrical and the construction is the Rail 3-phase adjustable from a metre long thanks to the multiple qualities present in this element. Its finish is white in colour, highlighting this 3-phase adjustable rail by the lines avant-garde with which it has been designed to its structure. Its installation is carried out in a comfortable and simple way in just a few minutes, both in the wall and floor. All this with the most competitive price in the industry of the products and accessories for electrical and electronic systems in indoor lighting, which has become a leader compared to other similar products manufactured by other competing companies. Simon is the benchmark company in the market for all these reasons.
