

Double rocker for switches aluminium Simon 73 Loft

REF. 73026-63

BASIC INFORMATION

DESCRIPTION

Double rocker for control mechanisms in aluminium colour finish of the Simon 73 Loft series. The Simon 73 Loft series is a series of quick assembly, safe and appearance and, in addition, with a wide range of functions for surface-mounted or trunking baseboard. Its design is very current since it has 3 finish (matt aluminium, graphite and white) that comprise new decorative trends for spaces that need installations no civil work, but keeping a high level of integration appearance. The dimensions of this rocker are 55 x 55 mm and is made of thermoplastic, a material that does not require a great maintenance, since, to clean it, you just need a soft cloth slightly moistened in soapy water and never use abrasive cloths or cleaners with chlorine. This rocker can be installed in places with a temperature located between 5 and 40°C, although it is real that can withstand extreme temperatures of -25 to 50°C, approximately.
