

Single rocker for double-pole switch matt black Simon 100

REF. 10000133-238

BASIC INFORMATION

DESCRIPTION

This is a device that is part of the 100 series of Simon and is designed to occupy half an element. This is a standard type product designed to be sold within the entire EC market.

The cover is compatible with the rest of the mechanisms of the series. It is made of plastic and has an IP protection rating of 20. For correct operation, the switch is to be installed in an area where there are temperature conditions between 0 and 40° C so that it has a optimal operation; and from -25 to 75 ° C to keep it in perfect condition.

Presenting a beautiful matte black finish is an elegant device that can fit in all types of spaces and environments, as well as places. From commercial premises, garages, private homes, etc.
