

Adaptor plate ivory Simon 75

REF. 75088-31

BASIC INFORMATION

DESCRIPTION

The Simon 75 series includes items suitable for all types of environments, as is the case of this adaptor plate in ivory colour. It is made of thermoplastic and measures 45x45 mm. Its standard dimensions allow it to be installed even in high-traffic rooms. Also, it is a product that has been developed in compliance with the regulation. It is suitable to be recessed, and it is recommended to install it at a temperature ambience of between 5 and 40° to ensure excellent conservation. Also, it is very important to maintain this type of articles. For cleaning, it is sufficient to use a soft and slightly damp cloth. It is available in 3 finishes. If you want a better result, it is recommended that you select a frame that is the same colour as the plate in the baseboard. With the variety of colors offered by the Simon 75 series, you do not have no problem finding it. The plate does not include any engraving.
