

INFORMACIÓN TÉCNICA

· Los conectores FTP cumplen con los requisitos incluidos en la serie de normas IEC 60603-7 "Connectors for electronic equipment". Para asegurar el cumplimiento de las normas: ISO 11801 "Information Technology", EN 50173 "Information Technology" y ANSI/TIA 568 C.2 "Balanced Twisted Pair Telecommunications Cabling and components standards", se deben montar e instalar según las siguientes instrucciones. Es importante conectar todas las tomas de tierra a un mismo punto eléctrico. SIMON no es responsable si no se realiza bajo sus condiciones.

INFORMAÇÃO TÉCNICA

· Os conectores FTP cumprem com os requisitos incluídos na série de normas IEC 60603-7 "Connectors for electronic equipment". Para assegurar o cumprimento das normas: ISO 11801 "Information Technology", EN 50173 "Information Technology" e ANSI/TIA 568 C.2 "Balanced Twisted Pair Telecommunications Cabling and components standards", instalar os produtos de acordo com as seguintes instruções. É importante conectar todas as tomadas a um mesmo ponto elétrico. SIMON não assume qualquer responsabilidade se as suas condições não forem observadas.

INFORMATION TECHNIQUE

· Les connecteurs FTP remplissent les conditions incluses dans la série de normes IEC 60603-7 "Connectors for electronic equipment". Pour assurer l'accomplissement des normes: ISO 11801 "Information Technology", EN 50173 "Information Technology" et ANSI/TIA 568 C.2 "Balanced Twisted Pair Telecommunications Cabling and components standards", est nécessaire d'installer les produits suivant ces instructions du montage. Est important relier toutes les prises à un même point électrique. SIMON n'est pas responsable si on ne suive pas ses conditions.

TECHNICAL INFORMATION

· Connectors FTP fulfill the requirements including in the series of norms IEC 60603-7 "Connectors for electronic equipment". In order to assure the fulfillment the norms: 11801 ISO "Information Technology", EN 50173 "Information Technology" and ANSI/TIA 568 C.2 "Balanced Twisted Pair Telecommunications Cabling and components standards", it is necessary to install the products following these assembly instructions. It is important to connect all to a same electrical point. SIMON is not responsible in case of these conditions are not accomplished.

ТЕХНИЧЕСКАЯ ИНФОРМАЦИЯ

Разъемы FTP соответствуют требованиям, содержащимся в серии стандартов IEC 60603-7 "Connectors for electronic equipment". Для обеспечения соответствия стандартам: ISO 11801 "Information technology", EN 50173 "Information technology" и ANSI/TIA 568 C.2 "Balanced Twisted Pair Telecommunications Cabling and components standards", необходимо смонтировать и установить, следуя инструкциям ниже.

Важно подключить все кабели заземления в одну электрическую точку. SIMON не несет ответственности, если не выполняется при их условиях.
