

Frame square for 4 elements chrome Simon 88

REF. 88642-33

BASIC INFORMATION

DESCRIPTION

The Frame square, for four elements in chrome finish of the Simon 88 series is one of the most demanded products of the included in the wide catalogue of this range thanks to all the advantages that brings. With it we can change the image of our electrical and electronic systems in a few minutes without any previous knowledge. Suitable to be flush mounted, its installation can be carried out both vertically and horizontally. This frame has been made with thermoplastic socket and frame in chrome finish ZAMAK. These components provide great resistance to the structure of this frame, which allows its qualities as the first day, in spite of the daily use, in addition to avoid its deterioration in environments with high temperatures. This frame has dimensions of 85 x 298 mm Simon recommended to use the chrome finish for rockers and covers.
