Single rocker with viewer and bell symbol for S.77 mechanisms ivory Simon 82

REF. **8200015-031**

BASIC INFORMATION

DESCRIPTION

A cover made of quality materials is a sure bet when it comes to its durability over time. The individual Rocker with viewfinder in ivory of the Simon 82 series is one of the most complete products in this product line. It is a piece that contains the bell engraving and is prepared for a temperature range of 5 to 40º C, although the thermoplastic materials with which it has been made can withstand a maximum temperature of between -25 to 50 ° C. Another great advantage is its compatibility with all mechanisms included in the Simon 77 series, which allows us to offer countless combinations for systems installed in homes and companies. Its size is 55x55 and a soft cloth slightly moistened in soapy water is sufficient to keep it clean its surface. And your security? Is guaranteed to comply with the UNE-EN 60669-1: 2002 + A1: 2003 + A2: 2009.

FINISH

Ivory

MATERIAL

Plastic

PACKAGING CONTENTS

Single rocker and fastening bracket

SYMBOL

Bell

COMPATIBILITY

Simon 77 mechanisms

ETIM CLASS

EC000011

REMARKS

Available in 6 finishes. It is recommended to choose a frame with a base the same colour as the selected rocker.
