

Cable trunking PVC 2m and 130x55mm for 4 compartments

REF. TS13055/9

BASIC INFORMATION

DESCRIPTION

Our 2-meter PVC cable guide channel is a durable and efficient solution for cable management in electrical projects. Made with high-quality PVC, it meets safety standards by being non-flame propagating in the event of a fire. With specialized internal design dimensions, it facilitates effective cable organization. With IP4X and IK07 certification, we guarantee an exceptional level of protection for your electrical installations. We offer a versatile range of accessories to adapt it to different architectural configurations, as well as the possibility to incorporate universal Simon mechanisms using the corresponding adapters. The indicated price is per meter and is supplied in batches of 6 units (12 meters in total)
