

Interchangeable case for 4 half elements (2 elements) American frame transparent Simon 27 Play

REF. 2700654-108

BASIC INFORMATION

DESCRIPTION

Interchangeable cover designed for American frames in which to fit 4 media elements with transparent finish. The originality of this piece allows you to give a distinctive touch to any room in your home, thanks to the interchangeable sleeves for frames of the Simon 27 Play series, these mechanisms become the best allies for redecorating environments. The collection also includes interchangeable rockers to match the sleeves. In fact, it is recommended to use transparent colour rockers and covers with this case to achieve an optimal effect. The article measures 86x148 mm and is made of thermoplastic, a material resistant to extreme temperatures. It is suitable to be recessed and, in addition, it can be installed both horizontally and vertically. All the items in the Simon 27 Play series are manufactured in strict compliance with the regulation, use a soft, slightly damp cloth to properly maintain the part.
