Voice and data flat plate with dust cover for 1 element for 1 Panduit® RJ45 connector black Simon K45

REF. **K69/14**

BASIC INFORMATION

DESCRIPTION

The series Simon K45 aims to protect the qualities of electrical and electronic installations of private homes and businesses. A good example is the flat plate for voice and data with dust cover for one element for a Panduit RJ45 connector in black finish included in this range, thanks to it obtendremos maximum security in the same. If it combines in vertical enclosures you must use the 90º positioner to guide the plate into a vertical position. Its installation, which can be carried out both on a baseboard surface-mounted and in a box flush-mounted into the wall, it is quick and easy thanks to its dimensions of 45 x 45 x 8 ’ 5. In terms of its structure, very resistible and durable, it has been manufactured with halogen-free thermoplastic, a component that guarantees no flame propagation in case of fire and low toxicity in the event of smoke generation.

FINISH

Black
