

Vertical 2-element front kit with key and integrated USB charger base gloss white Simon 100

REF. 10020216-130

BASIC INFORMATION

DESCRIPTION

The 2-element front kit with key and base with USB charger from the Simon range is made in bright white. This colour is very elegant and ideal for installation in almost any area that is required.

It is a product that occupies two elements, of a standard type, and which has been made based on directive 2014/35/UE LVD + directive 2011/65/UE RoHS + EN 50581: 2012 + EN 60669-1: 1999 + EN 60669-1: 1999 A1: 2002 + EN 60669-1: 1999 A2: 2008.

Its placement must be done in a universal box and the direction of installation required by the device is vertical.

As for cleaning, it is recommended to use a cloth dampened slightly in soapy water, avoiding the use of abrasives, so as not to damage the surface of the product.

This kit requires a temperature range of 5° C to 40° C for proper operation; taking into account that the temperature range for storage ranges from -25° C and 50° C.
