

Cover for inductive sockets R / TV + SAT matt black Simon 100

REF. 10000053-238

BASIC INFORMATION

DESCRIPTION

Have you ever imagined that you could completely digitize your home and turn it into the home of the future? Thanks to the Simon 100 collection, this house is closer than you might think. After years of research, Simon presents a new series of mechanisms and applications that will make your workplace or home the best place in the world. Among these new elements we find the cover for inductive radio, television and satellite with a quartz black finish, like all the elements of this collection, its application is simple and fast because it is not necessary to use screws.
