

Frame with base for 2 elements horizontal graphite Simon 73 Loft

REF. 73620-62

BASIC INFORMATION

DESCRIPTION

The series of frames Simon 73 Loft has quite versatile products, which ensures maximum functionality for its service life. This is the frame with socket for a total of 2 elements with a beautiful finished in graphite colour, the frame is installed horizontally. To bring a touch of distinction to the space, it is recommended to use the rockers and covers required in the same graphite grey colour of the frame. The manufacturing material guarantees maximum insulation, preventing overheating and the propagation of any type of fire. This is due to the fact that it has components isolated thermoplastically of maximum quality. The range of temperatures that support these frames Simon varies between -25 degrees up to + 50 degrees centigrade. The dimensions of the product are 75 x 146 millimetres and does not require much maintenance. To achieve a great durability in the best conditions you just need to clean the frame with a soft, dry cloth.

FINISH

Graphite
