Interchangeable case for 3 elements frame arctic orange Simon 27 Play

REF. **2700637-082**

BASIC INFORMATION

DESCRIPTION

This interchangeable sleeve fits perfectly into any Simon frame to fit 3 elements. The sleeve is finished in arctic orange and has dimensions of 86x236 mm. If you want to give a different touch to that corner of your home, this piece cannot be missed. It belongs to the Simon 27 Play collection, a series that aims to fill all kinds of spaces. It has been manufactured in thermoplastic painted in compliance with the regulation and is also suitable for surface and flush mounting. This interchangeable sleeve can be easily incorporated into the frame in a simple way. You can also combine it with rockers and covers of graphite colour for a much more satisfying result. It is an article that stands out for its thermal resistance and versatility, since it can be installed both vertically and horizontally, always keep the cover in perfect condition by wiping it regularly with a soft, dry cloth.
