

PVC mini-trunking of 2m 10x22 with 1 compartment and adhesive film

REF. TM1022A/9

BASIC INFORMATION

DESCRIPTION

Our 2-meter Mini Trunking is a robust and efficient solution for cable distribution in electrical projects. Made from high-quality PVC, it meets safety standards by being flame-retardant. With compact dimensions and an internal compartment, it allows for effective cable organization in limited spaces. Additionally, we offer a variety of accessories to adapt it to different architectures. With an IP4X and IK07 protection rating, we guarantee a high level of safety in your electrical installations. The indicated price is per meter and is supplied in batches of 48 units (96 meters in total)
