

VGA HD15 connector + mini jack Simon 100

REF. 10000564-039

BASIC INFORMATION

DESCRIPTION

Simon has in his catalog a wide range of sockets, TV, RJ and multimedia. This is the VGA HD15 connector, which includes a mini-jack, from the Simon 100 series. The connector is intended for a screw terminal connection and works by inserting, its installation is very simple, just push it in. in the wall. This is the double version of the Simon 100 connector, single element, composed of metal parts, insulated with a halogen-free thermoplastic material, in order to spread the fire management and eliminate toxicity if there is smoke. Thanks to the highest quality materials in which the product is made, the connector is able to withstand varying temperature ranges, from -25 to + 50 degrees centigrade In total, two connectors are available (VGA + Mini-Jack) , HD15 and Mini-Jack type. The necessary lid to provide versatility is one of the Simon 100 series lids, which you can choose from the Simon catalog.
