Frame for intermediate piece for 2 elements white without claws and with frame holder Simon 27 Play

REF. **2701620-030**

BASIC INFORMATION

DESCRIPTION

The frames of the Simon 27 Play series present original and innovative solutions that are adapted to all kinds of projects and decorative tastes. The frame for middle piece, 2 elements without claws and with white frame-holder Simon 27 Play, it is compatible with both 2 wide modules and 4 narrow modules, this frame requires an intermediate piece, which acts as a trim and allows the installation to be personalized with a decorative touch, although it is recommended to combine with rockers and covers, white colour, there are numerous possibilities for combining with the customer taste and demand. This frame stands out for its great versatility at the time of its installation, being suitable both for installation on surfaces and to be recessed, and in horizontal or vertical arrangement (of the frame and / or modules), manufactured with top quality materials, its thermostable material with frame-holder metal frame presents a high thermal and mechanical resistance.
