Interchangeable case for 3 elements frame black Simon 27 Play

REF. **2700637-071**

BASIC INFORMATION

DESCRIPTION

Finished in black, this interchangeable sleeve is designed for a frame for 3 elements, it is included in the Simon 27 Play series, it is suitable for installation in surface-mounted and to be recessed and measures 86x236 mm in terms of its materials, it has been manufactured in thermoplastic, in compliance with the regulations. It is characterized by an extraordinary thermal resistance and, in fact, it can withstand extreme temperatures, for a better conservation of the product, the ideal thing is to install it in environments between 5 and 40ºC temperature. If you want to achieve a much more satisfying result, combine this interchangeable with rockers and covers in white colour. The Simon 27 Play series is a collection that is committed to the decoration of spaces through the details. For this reason, it has a care catalogue of interchangeable sleeves that allow you to modify the image of any space easily and quickly with just a click on the frame.
