

Frame holder and trim frame for columns and mini columns white Simon 500 Cima

REF. 52550900-030

BASIC INFORMATION

DESCRIPTION

Within the Simon 500 Cima range we have a frame-holder and trim frame for columns and microcolumnas perfect to fit in any electrical installation, both at home and in professional environments. With a design that stands out for its pragmatismo and dimensions of 135 x 80 x 16 mm, you can find it in its two versions of one and two sides, with connection for two elements, manufactured in materials plastics of high quality and a colour finish makes this white frame-holder in the perfect element to its installation in columns. It is supplied with a trim frame that provides a implementation appearance to any type of ambience, in addition to a simple installation thanks to a frame-holder that frame clips directly to the trunking profile, without the need to use tools. Like all the elements of the Simon 500 Cima series we ensures optimum behavior of the installation and durability and security against fire.
