

Plate for R/TV+SAT inductive sockets white Simon 28

REF. 28053-30

BASIC INFORMATION

DESCRIPTION

Plate for R-TV + SAT inductive sockets, white in colour of the series Simon 28 and its installation can be done either in surface-mounted and recessed way. It can be installed in places with a temperature located between 5 and 40°C, although it is also true that it can withstand extreme temperatures of -25 to 50°C, approximately. It is made of thermoset material and its cleaning is quite simple, as only vas to need a soft cloth slightly moistened in soapy water and never use abrasive cloths or cleaners that contain chlorine in its formula. The Simon 82 series is formed by plates, rockers and mechanisms with a white colour finish that responds to projects in which it seeks the discretion and integration, thanks to its frame curvilinear is integrated in a discreet in the project architectural with a different design and with its own character.
