

French socket outlet 16A 250V~ with safety device and screw terminal connection champagne Simon 31

REF. 31468-34

BASIC INFORMATION

DESCRIPTION

Type French socket outlet 16A 250V~ with safety device and screw terminal connection. With a champagne finish, this article is included in the Simon 31 series, a highly reliable collection with simple lines that allow the integration of its mechanisms in any type of project. This socket has dimensions of 64x65 mm and has been manufactured in compliance with the current regulation. As far as its manufacturing materials, it consists of metal components with halogen-free insulation and trim made of metallised thermoplastic. For the quality and robustness of these materials, this socket outlet has the ability to withstand extreme temperatures. However, ideally, it should be installed in environments between 5 and 40°C temperature. The covers, on the other hand, include the child protection function. Thanks to the champagne finish of this piece, it is now easier to give that distinctive touch to any space.
