

Frame square for 3 elements gold Simon 88

REF. 88632-36

BASIC INFORMATION

DESCRIPTION

It is a frame suitable for 3 elements and with a gold finish. It is suitable for surface and flush mounting and is manufactured in thermoplastic material (the base) and in zamak (the frame), square format, has dimensions of 85x227 mm. Because of its features, it can be installed both horizontally and vertically. It is recommended to combine this frame with rockers and covers that have the same gold finish for an optimal effect. The piece is characterized by an extraordinary thermal resistance, although it should ideally be located in environments with a temperature range of between 5 and 40°C. For maintenance, it is advisable to use a soft cloth slightly moistened in soapy water. Do not use abrasive cleaners that contain chlorine. The product is included in the Simon 88 series, a collection that stands out for its pure and stylish lines.

FINISH

Gold

PACKAGING CONTENTS

Frame with 3 elements
