

Clean modular schuko socket outlet 16A 250 V~ with screw terminal system gold Simon 270

REF. 20000435-095

BASIC INFORMATION

DESCRIPTION

The CLEAN modular base Simon 270 is fully compatible with standard frames and incorporates a patented magnetic auto-cover system to ensure that the cover moves automatically when the visible sockets are not in use, thus preventing the accumulation of dirt inside, facilitating cleaning, and extending its durability. With a clean and minimalist design, it features a flat surface flush with the wall for complete integration. Its compatibility with standard frames allows for the selection of functions and the purchase of multiple frames with total freedom, even placing a CLEAN at the end of the installation. With this CLEAN modular base, Simon 270 reaffirms itself as one of the most versatile ranges on the market. Designed to adapt to any need, offering aesthetics, functionality, and technology in a single system.

FINISH

Matt gold

COMPATIBILITY

Marcos Simon 270

MATERIAL

Thermoplastic

ETIM CLASS

EC000125

REMARKS

Available in various finishes. It is recommended to choose a frame in the same color as the selected interior to create a monochromatic set.
