German socket outlet monoblock 16A 250V~ with safety device and screw terminal connection aluminium Simon 73 Loft

REF. **73432-53**

BASIC INFORMATION

DESCRIPTION

One of the outlets boards to be installed in both private homes and large public and private buildings is the Schuko monoblock socket with a current of 16A, a voltage A 250V ~, with safety device and screw terminal connection finished in aluminium of the Simon 73 Loft series. Its measures are, 75x75 mm, in addition to having a cable section 2.5 mm and supports a stripped wire 15 mm. The metal components with halogen-free insulation and thermoplastic trims with which it has been manufactured make it a perfect socket for withstanding extreme conditions in different environments. Its easy installation and insertion operation are a plus in this piece of a module, all of them with the best price that can be found on the market today.
