Flat voice and data plate without dust cover for 1 element with 2 RJ45 category 6A FTP white Simon 500 Cima

REF. **50001189-030**

BASIC INFORMATION

DESCRIPTION

Simon 500 Cima is without doubt, the best solution for any type of connection in any ambience. Thanks to its various mechanisms and kits as assembled and wired, make this series the fastest, simple and complete in terms of installation and security. Among them we find this plate for voice and data connections. With a white finish in colour, flat form and without dust shutter, this plate has an element, 2 RJ45 connectors, also includes snap-fit for installation in enclosures to any address, a module adaptable and RJ45 connectors. The mechanisms of the Simon 500 Cima series have also with linkable centre frame, installable without tools, protecting and separating the electrical cabling the voice, data or multimedia and by eliminating possible transmission errors. For this and much more, Simon is symbol of quality and security.
