

Cover for stereo speaker outlet grey Simon 75

REF. 75082-35

BASIC INFORMATION

DESCRIPTION

The cover for the Simon 75 stereo speaker jacks has 4 different finishes, but it is recommended to choose a frame with the same baseboard colour as the selected cover, the cover for stereo speaker sockets is an individual version, this model of cover includes 1 element, but does not contain any module or signaling function. The limit of the recommended temperature range is from 5°C to 40°C reaching maximum temperatures of -25 to 50°C. It is suitable for installations in surface mounting or flush mounting. This type of cover for speaker sockets does not apply any type of regulation. The main manufacturing material is thermoplastic, with a plastic grey finish, for the correct maintenance of the cover, it is recommended to use a soft cloth slightly moistened in soapy water. The cover for stereo speaker sockets does not contain any engraving.
