

Intermediate piece for 4 half elements (2 elements) grey Simon 27

REF. 27902-34

BASIC INFORMATION

DESCRIPTION

This is a middle piece for frames designed for 4 half elements or 2 elements. It is grey colour and is made of thermoplastic, a material resistant to friction and also to extreme temperatures. However, it is recommended to install it in spaces whose temperature ranges between 5 and 40°C. This intermediate piece is suitable for flush mounting and can be installed both horizontally and vertically. Manufactured in compliance with the regulation, this piece, belonging to the Simon 27 series is designed with the aim of providing a touch of colour to any ambience. The simple and neutral lines, which characterizes the mechanisms of this series make them ideal for its integration in all kinds of environments. As for its cleanliness, it does not require too much effort, simply use a soft textured and slightly moistened in soapy water. This will keep it in optimum condition over time.
