

Intermediate piece for 3 half elements pink Simon 27

REF. 27909-33

BASIC INFORMATION

DESCRIPTION

To revitalise and redecorate spaces, the Simon 27 series offers a wide collection of parts pieces for its mechanisms, available in a multitude of finishes. Specifically, this one is pink in colour and is manufactured in thermoplastic, for its appearance, it is perfect to install in any room, especially in youth rooms, as it is able to create an atmosphere of exquisite taste. The piece is indicated for mechanisms in which to fit 3 half elements or 1 wider and one element more narrow. It is an article suitable to be recessed, offering easy installation. It is not in vain that this intermediate piece can be installed both vertically and horizontally. The quality and durability of its materials make it suitable for all kinds of environments, although it is preferable to be at a temperature ambience of between 5 and 40°. The piece has been manufactured in compliance with the current regulation.
