

Cable trunking PVC 2m and 90x55mm for 3 compartments

REF. TS9055/9

BASIC INFORMATION

DESCRIPTION

Our 2-meter PVC cable guide channel is a durable and efficient solution for cable management in electrical projects. Made from high-quality PVC, it meets safety standards as it is flame-retardant in case of fire. With specialized internal design dimensions, it facilitates effective cable organization. With IP4X and IK07 certification, we guarantee an exceptional level of protection for your electrical installations. We offer a versatile range of accessories to adapt it to different architectural configurations, as well as the possibility to incorporate universal Simon mechanisms using the corresponding adapters. The indicated price is per meter and is supplied in lots of 6 units (12 meters in total)
