

Single rocker for switches with pilot light graphite Simon 88

REF. 88012-38

BASIC INFORMATION

DESCRIPTION

Simon 88 series is one of the most popular at the time of purchase accessories for electrical and electronic installations installed in private homes, commercial premises and corporate headquarters. Within this range we find the individual Rocker for pilot control mechanisms in graphite colour, a piece, whose dimensions are Ø 68.3 mm and has an unbeatable price on the market today. Available in three finishes, this single rocker for control mechanism includes pilot symbol. Its resistance to knocks and scratches, it takes the thermoset components with which its structure has been manufactured, making it the accessory ideal for installation in those buildings whose mechanisms are used on many occasions throughout the day, such as hospitals, schools, colleges and universities, hotels or headquarters of offices.
