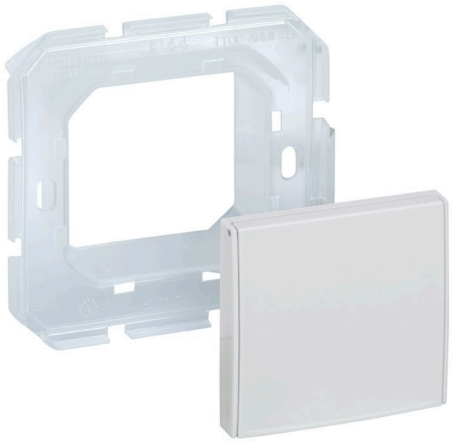
IP44 watertight sealing kit for socket outlets white Simon 27 Play

REF. **2700950-030**



BASIC INFORMATION

DESCRIPTION

This is an IP44 gasket kit, especially suitable for plug sockets, available in snow white colour. It is included in the Simon 27 Play series and can only be combined with frames for intermediate piece of this collection. The kit is made of thermoplastic and is suitable for surface and flush mounting. It is also characterized by its resistance to extreme temperatures. However, for a better conservation of the parts, the ideal thing is to install them in environments between 5 and 40º. The kit has been manufactured in full compliance with the regulation, so the user is guaranteed maximum quality. The Simon 27 Play collection lands with the aim of helping users to redecorate all types of spaces thanks to its varied and dynamic mechanisms. It is a series that provides solutions for any environment. The cover IP44, therefore, provides special protection against water and dust.
