Plate for electronic touch mechanisms with blue light ivory Simon 82

REF. **82034-31**

BASIC INFORMATION

DESCRIPTION

Available in white, ivory, matt aluminium, champagne matt, graphite and cold aluminium, which allows you to choose the frame with the same baseboard colour as the rocker selected, an advantage that increases the decorative possibilities of any space in homes or companies, we have the Plate for the electronic mechanisms of ivory touch included in the Simon 82 series, why is it one of the most demanded products to install in electrical systems nowadays? Maybe because it incorporates luminous blue. Or because of its dimensions of 55x55 mm or by the thermoplastic materials with which it has been manufactured. Or for easy cleaning with a soft, damp cloth. Or because it is available in six different finishes, or because it is suitable for surface and flush mounting. All this with a quality-price ratio that is unmatched in the offer currently on the market for electrical installations.
