

Double rocker for blinds mechanism matt champagne Simon 82 Centralisations

REF. 82029-54

BASIC INFORMATION

DESCRIPTION

Double rocker for blind mechanism, in matt champagne (even if it is available in 5 different finishes) and belonging to the Simon 82 series. It is a double rocker and 1 element, we can also highlight that it is a rocker suitable both for surface-mounted or to be flush mounted. It includes engraving of the raising and lowering of blinds and its maintenance is very simple, as it will only need to use a soft cloth slightly moistened in soapy water and never resorting to the cloths or abrasive cleaners that contain chlorine in its formula. The series Simon 82 Centralisations provides more functions in less space and is perfect for work stations, control stations and / or connection, bed headboards, kitchens, furnishings, offices, hotels, restaurants and retail, among other spaces. This series has frames of 5 and 8 modules, corner boxes for installation on wall or floor, surface-mounted and on table-top and also offers electronic functions: Programming of temperature, adjustment of lighting and blinds centralization.
