

HDMI connector v2.0 4K female-female Simon 75

REF. 7511094-039

BASIC INFORMATION

DESCRIPTION

The HDMI connector v2.0 4K female-female Simon 75 is the ideal solution for integrating HDMI connections in high-definition audiovisual installations. Designed as a through module, it allows linking HDMI cables while maintaining compatibility with the HDMI 2.0 standard and resolutions up to 4K, ensuring stable transmission of digital audio and video. This female-female HDMI connector is perfect for homes, offices, meeting rooms, hotels, or commercial spaces that require HDMI sockets flush-mounted in the wall for televisions, projectors, consoles, or multimedia systems. Compatible with the Simon 75, Simon 82, and Simon 360 series, it is installed in a universal box occupying 1 double element, suitable for surface or flush mounting. A practical and professional solution for modern multimedia installations with integrated HDMI 4K connectivity.
