Cover for schuko socket matt black Simon 100

REF. **10000041-238**

BASIC INFORMATION

DESCRIPTION

This cover for schuko socket in black with quartz effect, made of thermoplastic based PMMA, is one of the electric mechanisms of the Simon 100 collection. This cover of one element is combined with the earth connection socket mechanisms. It is suitable for flush mounting, so screws are not necessary. This facilitates its installation, as it is easier and faster, while still respecting the aesthetics of this collection. Simon 100 is therefore totally innovative in terms of design, of simplicity and functionality, making a big difference in the way people live their lives, both in homes and in professional environments.
