Cover for schuko socket gloss white Simon 100

REF. **10000041-130**

BASIC INFORMATION

DESCRIPTION

Adapted to be recessed, the cover for socket outlet in the Schuko side earth connection format in white finish from the Simon 100 series underlines the security it gives to the structure of existing sockets in private residences, commercial premises or companies. , the advantage afforded by the application of the most advanced innovations and technologies. It has been designed to withstand high temperatures and high humidity environments without these weather conditions. It is a casing made of PMMA compounds and a thermoplastic base, which gives it great strength and durability over time, making it ideal for installations with high daily use. Its installation can be done in a simple way, without tools or prior knowledge, all with the best value for money. This is why Simon is a benchmark in the world of electrical installations.
