

Single rocker with bell symbol for push button white Simon 75

REF. 75017-38

BASIC INFORMATION

DESCRIPTION

The Simon 75 Series features an individual rocker indicated for a push-button switch. It is made of thermoset plastic in compliance with the regulation. The article is available in packs of one unit and can be chosen from 6 different finishes. If you want a better result, choose a frame that is the same baseboard colour as the rocker in question. This is also suitable for surface and flush mounting and is compatible with the mechanisms of the Simon 77 series. Its graphite colour gives it a sober and stylish, ideal for installation in any environment. It is ideal to be installed at a temperature ambience of between 5 and 40° for an optimal conservation. The rocker and includes a small bell shaped engraving. For proper maintenance, it is advisable to clean the piece with a soft cloth and slightly moistened in soapy water.
