

Interchangeable case for 4 elements frame blue Simon 27 Play

REF. 2700647-064

BASIC INFORMATION

DESCRIPTION

It is an interchangeable blue colour for a frame for 4 elements of the Simon 27 Play series, this product has dimensions of 86x306 mm and is made of thermoplastic material in compliance with the regulation. It is suitable for flush mounting and can be installed vertically or horizontally on any space, due to its great resistance to extreme temperatures. However, the ideal thing is that it is located in environments between 5 and 40°C for better preservation. As it is colour blue, will be appropriate to combine this interchangeable with rockers and covers, white colour to obtain a more satisfying effect. The Simon 27 Play series is a collection of avant-garde that allows you to take the initiative when redecorating your own spaces. Its interchangeable sleeves, available in 4 different ranges, achieve that changing the image of a room is much easier, with just a click on the frame.
