Back kit for 1 computer connector RJ45 category 6 UTP with adapter Simon 100

REF. **10010106-039**

BASIC INFORMATION

DESCRIPTION

The rear panel kit from the Simon 100 series and with the adapter in white color. This rear face kit for 1 element with 1 connector and includes computer connector RJ45 & amp; UTP. Its tension is 250 and its type of clamping by insertion, while its installation you must perform by recessed. Made from a variety of materials, this kit is suitable for rooms with a temperature between 5 and 40 &#65533; C, although it can be used in public places with extreme temperatures between -25 and 40 &#65533; C or so. The Simon 100 series is totally revolutionary and its main maximum for the user is "never stop feeling". Its stylish appearance, subtle finishes and distinguished colors make it a range that you will want to admire. Its appearance was created with one goal: to make its functionality so intuitive that you can operate it with your eyes closed.
