

Intermediate piece for 1 element pink Simon 75

REF. 75909-39

BASIC INFORMATION

DESCRIPTION

The intermediate piece of the Simon 75 series, with its finish pink allows you to personalize all the mechanisms that adapt in its series. Manufactured in thermoplastic, a material of great resistance and hardness, its durability is guaranteed. Its design is intended for that has capacity for a single element, requiring an intermediate piece in its assembly. Adapts to the frames Simon 75 to be installed both in surface-mounted and recessed in a universal box, providing great versatility at the models. For its maintenance only, it is necessary to use a soft cloth slightly moistened in soapy water, without or abrasive cleaners containing chlorine.
