Single rocker with viewer and bell symbol for S.77 mechanisms graphite Simon 82

REF. **8200015-038**

BASIC INFORMATION

DESCRIPTION

With bell engraving, this rocker, in graphite colour, individual and with viewfinder for S. 77 mechanisms of the Simon 82 series has dimensions of 55 x 55 mm and is made of thermoplastic material. For installation, use a baseboard surface-mounted or universal recessed box and, for maintenance, clean with a soft cloth slightly moistened in soapy water, do not use abrasive cleaners containing chlorine. We already have the rocker, and now what frame do we choose?, it is recommended that it be of the same baseboard colour as the rocker you have chosen. All the rockers and frames in the Simon 82 Collection are compatible with the elements of the Simon 75 Series. Balance and simplicity adapted to the latest trends. Simon 82 stands out for its minimalist design, noble finishes and extensive range of textures. Simple, pure lines and an extra-flat profile draw the essence of a new concept.

FINISH

Graphite

MATERIAL

Plastic
