# Plate for telephone sockets with RJ11 and RJ12 connectors emery grey Simon 27 Scudo

REF. **2705062-063**

## BASIC INFORMATION

### DESCRIPTION

The Scudo series offers us a multitude of mechanisms and socket outlets with maximum protection, thanks to its covers with restricted access, its anti-theft system, and the use of materials such as aluminium and zinc to make the most resistant. And all this with the last finishes and market trends. As this plate for telephone socket. It has an element and is valid for both RJ11 or RJ12. They have a finish in emery grey, so we recommend choosing the same colour for the rocker. It is suitable for flush mounting and can be placed both vertically and horizontally. The Simon 27 Scudo series is ideal for those environments or harsh environments, where the maximum protection is essential, as there is a risk of impact, unwanted or even vandalism. Also, has been created to use the mechanisms of the series 27. Simon: Functionality, comfort and appearance at all.
