

Double rocker for blinds mechanism with security latching champagne Simon 82

REF. 82028-34

BASIC INFORMATION

DESCRIPTION

With the double rocker for blinds control of the Simon 82 collection, you will get the maximum functionality along with a design of neutral lines that adapt to any space. With latching of security and engraving of the up / down blinds, the double rocker of this range provides the adjustment of the mechanism quick and comfortable. With a size of 55 x 55 mm, its installation is suitable for recessed or surface-mounted, and finishes in a stylish champagne colour, give the space a discreet and stylish style that is fitting to the specific needs of the room. It is made of galvanized thermoplastic ensures a longer security in case of fire and it has a temperature range of 5 to 40 ° C, being able to reach maximum temperatures of -25 and 50 °C. For greater versatility of design, Simon 82 offers 6 different finishes so that the set combine perfectly with the design and ambience of the specific space.
