Frame for 1 element matt aluminium interior graphite Simon 82

REF. **82814-33**

BASIC INFORMATION

DESCRIPTION

This frame for 1 element finished in matt aluminium and graphite baseboard of colour is included in the Simon 82 series, measuring 89x87 mm, this article has been manufactured in line with the current regulations, the frame is made of zamak, while the baseboard is thermoplastic. Thanks to the quality of these materials, this product offers great resistance to extreme temperatures. However, the ideal thing is that it be installed in environments where the temperature is between 5 and 40ºC for better preservation. The frame is also suitable for surface and flush mounting. If you want an optimal result, choose to combine the frame with rockers and covers in graphite colour, with regard to its maintenance, it does not require too much effort and it is enough to clean it with a soft and dry cloth. The Simon 82 series is a clear commitment to the minimalist designs, noble finishes and the variety of textures.
