Frame round for 1 element chrome Simon 88

REF. **88610-33**

BASIC INFORMATION

DESCRIPTION

As it is a product of the series Simon 88 series is characterized by its style, its pure lines and its attractive. This frame breaks the set, the lines square disappear and give way to the circular. Finishes that contrast between gloss and matt, gold, chrome make, white and graphite are the finishes that we will give that special touch to any environment. This is a frame for 1 element, round socket has a thermoplastic base and manufactured in a frame with a chrome finish ZAMAK excellent. We are looking at a product that is part of the series Simon 88. Its measures are 100x100 millimetres and is suitable for installation both horizontally and vertically. In this series also highlight the electronic functions, which allow us to a significant energy savings. An example of this is the lighting control, being able to save a 10% in energy of any home.
