

Interchangeable case for 2 elements frame black & white Simon 27 Play

REF. 2700627-802

BASIC INFORMATION

DESCRIPTION

Like all products of the Simon 27 Play series, this original frame sleeve has been specially created to provide simple and highly functional solutions that renew the decoration of a room. The interchangeable case for frames of 2 elements black & white Simon 27 Play features a very original and innovative finish, designed to satisfy the tastes of each client and adapt to all types of decorations. This sleeve, combined with interiors for rockers and covers in graphite colour, offers an optimal result, very attractive and stylish. Made of high quality painted thermoplastic material, it is compatible with both 2 conventional modules or 4 narrow modules. It can also be position, place on all types of installations, both in recessed frames and surface-mounted, and in a horizontal or vertical arrangement (both the frame and the modules), without a doubt, this interchangeable sleeve is an ideal solution at an unbeatable price.
